

# PAINSHILL WHERE THE WALK IS A WORK OF ART

**Walk the historic route (approx. 2.5 miles)**

Walk the living work of art as Hamilton's guests would have done and admire the way the garden buildings and views unfold before you.

**Accessible Route (approx. 1.5 miles)**

**Alternative Accessible Route**

Approx distances to: The Grotto (0.5 mile) Five Arch Bridge (1 mile)  
The Gothic Tower (1.5 miles)

The historic route would have ended at the Turkish Tent. To return to the Visitor Centre we advise crossing the Five Arch Bridge and walking along the yellow route for a beautiful view of the Ruined Abbey.

Walk the whole landscape and treat yourself to tea and cake in the Gothic Tower Cafe. Please check the opening times beforehand.

Don't miss the hidden Hermitage. Legend has it that Hamilton's hermit only lasted three weeks as a recluse before he was spotted drinking in the local inn.

Thousands of crystals, including originals recovered from the archaeological work, have been used to restore the Crystal Grotto. Please check the opening times.

The narrow openings of the Gothic Temple frame the 'living painting'. Stand inside for outstanding views.
